Maurice Roy Scholarship

A college education, too often underestimated, is today without question one of the pillars of social and economic development in our society. On many occasions, first as an engineer and later as an educator, I have had the privilege of observing and appreciating the contributions of this level of education at the provincial, national, and even international levels.

This scholarship is both a recognition of the success of its recipients and a celebration of the institution which is the New Brunswick Community College, the acknowledged leader in trade and technical training in our province. I am proud to have contributed to the development of this scholarship....I wish all graduates the very best of success!

Forever, a dedicated Ambassador of the New Brunswick Community College,

Maurice Roy
